tetter's Stomach Bitters, and hence the great superiority of that standard vegetable restorative over all medicines that are merely tonics and nothing else. The effect of the ordinary astringent tinctures and extracts upon the bowels is disastrous, and upon the depraved blood or bile they produce no beneficial effects whatever. In dyspepsia and liver complaint all the fluids and humors of the body are more or less infected, and the bowels are often constipated. An unmodified astringent—quinine for instance—does infinitely more harm than good in such cases. In Hostetter's Bitters, on the other hand the stimulating and tonic elements are qualified with aperients and antiseptic ingredients. The finest laxatives and blood depurents in the vegetable kingdom are intermixed with those of a purely invigorating nature, and under the operation of this admirable combination, the three important processes of invigoration, regulation and purification go on to-gether. The rapidity with which the disordered organization returns to its natural condition, under a course of the Bitters is due to this cause. Every disturbed function of the body is invorably affected by the various proposition of the same of the erties of this comprehensive and well balanced preparation. As a general rule the bowels are more subject to irregularities, and the fluids more liable to become vitiated in spring and summer than in winter, and hence the Bitters are especially valuable as a spring and summer alterative, corrective and invigorant. At all seasons where the seeds of intermittent fevers infect the air, this healthful vegetable elixir should be taken as a protective medicine. my 18-eo1 w

The Health of the Ladies.

As the truest and best reliance, the ladies are unanimously patronizing their faithful friend, Gautier's Native Wine Bitters, with a full knowledge of their curative and restorative qualities. Vast benefits have been realized from their use, and the thousands of females who have properly tested their merits, gratefully acknowledge a release from suffering and a renewal of health, strength and vivacity .-They banish all those ailings that so peculiarly afflict woman, reinvigorate her system and revive her drooping spirits. And thus we beartily give to the public only the evidence of a multitude of ladies, who have been rescued from long suffering, and again been made young and capable of all the duties of their sex. Important Letter.

The following letter has come into our hands, and we publish it for the information of those who doubt the purity of Speer's Wine : This is to certify that Mr. Alfred Speer is resident of this village, and to my personal knowledge, has devoted a number of years to the manufacture of pure and valuable wine. He has a large vineyard in view of my residence, and has been for some time engaged in cultivating the Port Grape. The Port Grape Wine cannot be excelled by any American wine. It is bottled by Mr. Speer every season in large quantities, but not disposed of until it attains the age of four years.

Passaic, October 20th, 1865. D. B. SICKLES Central National Bank, New York. Some of our druggists have this wine direct from the vineyard.

LOAN

--OF THE-CHESAPEAKE & OHIO RAILROAD

THE CHESAPEAKE AND OHIO RAIL-ROAD Is completed and running from RICH MOND. Va., to the colebrated WHITE SULPHUR SPRINGS, in West Va., 227 miles. It is being

rapidly extended to the Ohio river, 200 miles further, making in all 427 miles. In its progress Westward, it penetrates and opens up to market the WONDERFUL COAL DEPOSITS of the Kanawha Region in West Virginia. And thus brings the superior and abundant Coals of that section into communication with the IRON ORES of Virgini and Ohio, and the Western, Southwestern as Eastern markets.

When completed it will connect the splendid harbor facilities of the Chesapeake B y with reliable navigation on the Ohio river, and thus with the entire system of Railroad and Water Transportation of the great West and South-

It will make a short, easy, cheap and favorable route from the West to the Sea, and will command a large share of the enormous freights seeking transportation to the coast. It will thus become one of the most impor-

ant and profitable East and West Trunk Lines of Railroad in the country, and command a trade of immense value The completed portion of the Road is doing a profitable and increasing business, and is fully

equal in value to the whole amount of the mostgage upon the entire line-\$15,000,000. The loan of the Chesapeake and Ohio Radroad Company, being a First Mortgage upon the entire line, property and equipments, worth when completed at least \$30,000,000, is therefore one of the most substantial, conservative, and reliable Kailroad Loans ever offered in the mar-

ket, and is peculiarly adapted to the wants of INVESTORS AND CAPITALISTS. who desire to make their investments with the most satisfactory assurance of positive and un-
